SKILLS SUMMARY

Programming Languages: Java, Python, C++, JavaScript, TypeScript

Frontend: React.js, Tailwind CSS, HTML, CSS

Backend: Spring Boot, FastAPI, Hibernate, Microservices

Database: PostgreSQL, MySQL, MongoDB

DevOps & Tools: GitHub, Docker, AWS, DigitalOcean, Kafka, GitHub Actions, Playwright

EXPERIENCE

- Stadia** Remote
Full Stack Developer Intern 2025 – Present
End-to-End Project Ownership: Led complete development lifecycle of multiple features from requirement analysis and backend architecture to frontend implementation, testing, and deployment.
Frontend Development: Built responsive and user-friendly interfaces using **React.js**, improving user experience and reducing page load time by 30%.
Backend Engineering: Designed scalable APIs using **FastAPI** and integrated **MongoDB** to efficiently manage 10k+ records and optimize application performance.
Testing & Automation: Implemented automated workflows using **Playwright**, reducing manual testing effort by 50% and improving release reliability.
Deployment & Collaboration: Managed deployments on **DigitalOcean**, handled production-level configurations, and collaborated through **GitHub** workflows and code reviews.
- GirlScript Summer of Code** Remote
Open Source Contributor Oct 2024 – Nov 2024
Open Source: Contributed to multiple projects, fixing 10+ major bugs and improving code efficiency by 15%.
Frontend Features: Engineered frontend components using **JavaScript** and **React** while collaborating through GitHub.
Pull Requests: Merged 5+ PRs across repositories and earned the Explorer Badge and Git Explorer Level 1 Badge.
Collaboration: Participated in code reviews, feature discussions, and issue resolution to improve project quality.
Certificates: [GirlScript Certificates](#)

PROJECTS

AI-Powered Study Resource Generator [\[GitHub\]](#):

- Built a **Spring Boot** platform that generates AI-powered notes, DPPs, and MCQ tests with semantic search and automated scheduling.
- Integrated **NVIDIA LLaMA 3.1**, **Spring AI**, and **Pinecone Vector DB** to implement semantic retrieval and reduce unnecessary AI generation calls.
- Implemented **vector embeddings** using **nv-embed-v1** with cosine similarity search, enabling reuse of previously generated study content.
- Automated reminders using **Spring Scheduler** and **JavaMailSender**, with recurring DPP and scheduled test delivery support.
- Tech Stack:** Spring Boot, Pinecone, PostgreSQL, NVIDIA NIM, Spring AI, REST APIs, Docker, OAuth2

VibeWall Anonymous Confession & Discussion Platform [\[GitHub\]](#) [\[Live\]](#):

- Built a full-stack anonymous discussion platform using **Spring Boot**, **React**, **TypeScript**, **MongoDB**, and **Redis**, supporting confession posting, feedback, reporting, and moderation workflows.
- Implemented **JWT authentication**, refresh token rotation, and **role-based access control (RBAC)** using Spring Security, securing **10+ REST API endpoints** for USER and ADMIN access.
- Integrated an **LLM-powered AI moderation system** to automatically analyze and filter user-generated content before persistence, reducing manual moderation effort by **80%**.
- Developed a reporting and moderation workflow that proactively blocked inappropriate content, helping maintain a safer platform experience and preventing **90%+** of flagged submissions from reaching the public feed.
- Tech Stack:** Spring Boot, Java 17, React, TypeScript, MongoDB, Redis, Spring Security, JWT, Docker, REST APIs, Generative AI

EDUCATION

- Eminent College of Management and Technology** Kolkata, West Bengal
Bachelor of Computer Applications CGPA: 8.6/10.0 2023 – 2027

ACHIEVEMENTS

Hackathons: Participated in Hack4Bengal and Smart India Hackathon (SIH).

[View Certificates](#)

LeetCode: Solved 300+ problems and earned the Knight Badge.

[LeetCode Profile](#)

Hacktoberfest 2024: Contributed 5+ merged pull requests and earned the official Hacktoberfest badge.

[Merged PRs](#)

Courses & Certifications: Completed Spring Boot and Java courses from Telusko and Udemy while learning React.js and Tailwind CSS.
